Monitor, Alta.

Dear Sir,

Your wire, Sept. 10th, to hand. I might say that I have been in daily touch with the representative of the Edmonton G. W. V. A. since coming down to the Session, and the matter was closely watched.

The Government has made an announcement thru Mr. Rowell in the House of Commons which came entirely satisfactory to soldiers' representatives who were here.

Yours truly,

The next meeting of the Monitor Branch G. W. V. A. will be called at the discretion of the Executive Committee, probably after harvest and threshing activities have ceased.

This meeting will be our first social gathering, and as a good programme is expected, every member is earnestly requested to be present.

Let us all work together to make the coming winter activities as interesting and beneficial as possible. Watch this space and boost in the meantime.

Government House,
Ottawa.
1st September 1919.

Dear Sir Herbert,

I am pleased to be the holder of a Canadian War Savings Certificate. I am delighted to find that in Canada you have War Savings Stamps on sale, similar to those we have in England.

I wish the War Savings campaign every success.

I remain
yours sincerely

Sir Herbert B. Ames,
Chairman,
National War Savings Committee,
Ottawa.

Facsimile of the letter sent to the Chairman of the National War Savings Committee by His Royal Highness the Prince of Wales, at the time he purchased in Ottawa a Canadian War Savings Certificate containing the full number of ten War Savings Stamps.

ALERT ALTARIO

The sullen, sour-faced Individual turned up his noble nose in scorn when he met us. We smiled a Kodak smile in reply and thought out a soft answer, as we saw the vials of wrath ready to be poured over us.

"Hospital?" he hissed, "and in the whole country crops so poor we'll barely get our seed back. Not by a demesite!" We told him a little tale which we do not like to print, illustrating the urgent need of maternity wards—he was so tickled with the tale that we believe his contribution to the scheme will be "the limit" of his ability.

Our hint to hospital workers is when you find men acting like mules about it try and gleam something humorous from the commonplace and present the case for the hospital in every aspect you know of and you'll win out.

Dr. J. Dean Robinson of Altario brought in a patient to the local hospital on Tuesday evening. The doctor is very enthusiastic in connection with the new hospital to be equipped by the provincial Red Cross Society in his town.

—Kerobert Citizen.

After Adam, work was curse.
The natural creature labors, sweats and frets
But after Christ, work turns to privilege
And henceforth, one with our humanity
The Six-day Worker, working still with us,
Has called us freely to work on with Him
In high companionship, so happiest!
I count that Heaven itself is only work
To a surer issue. Let us be content in work,
To do the thing we can, and not presume
To fret because it's little.

NOTICE

Warning to Ratepayers of the Stewart Municipality

Any person owing a Seed Grain Lien to the above Municipality must not sell any grain. No leniency has been arranged for with the Provincial Government, but the matter is being taken up at once.

We would advise any person owing a seed lien, and having grain to sell, to send a statement to the Council.

FOUND—On Main Street, a small obsolete little bottle cunningly made to fit the hip pecket, and commonly in other days termed a flask. The contents have an agreeable, aromatic odor of spirit, such as was used by the men of Alberta prior to the war. Apply to J. C. Mayers for the same. A description of this historical article will be required. No other questions asked.

Everybody will be given the opportunity to purchase Victory Bonds in the campaign which starts on Oct. 27th. There will not be such an active campaign in those parts of the country where the crops are poor, but the people who can and should buy Bonds will be given the chance to do so.

Note and Comment

Sometimes we wish we were a billy-goat, so that we might roam and cavort around, chew the rag without fear of consequences, and wear that don't-give-a-hang expression that goes to make up an independent goat. As it is, we are bound to be more or less close-mouthed and afraid to speak our sentiments on certain questions for fear of making some son-of-a-gun sore and thereby lose our meal ticket.

Mange on animals can be controlled. Stir a pint of coal oil into a half tub of warm soap-suds and bath the skin where the mange has made the hair fall out, with the mixture, using a cloth. Very few applications will effect a cure. A mixture of lard and turpentine is also good, but neither coal tar nor turpentine should be used alone as they are likely to blister the skin and do more harm than good.

Every cloud has a silver lining. That is where clouds have the bulge on trouser pockets.

If it were not for the easy marks in this world there wouldn't be so much "doing."
